

# ACCRA SUMMIT II

*Centering Healing*  
MARCH 26-28, 2025

## HEALTH PROTOCOLS

### The Organizers

The Global Circle for Reparations and Healing and the Justice and Repair Initiative (J&R) of The Africa Transitional Justice Legacy Fund (ATJLF), in partnership with the African Union Commission, will host a three-day global summit with the theme “**Centering Healing for Africans and the Global African Diaspora In the Context of the African Union Theme of the Year for 2025 On Reparations.**” The Summit will be held on 26th – 28<sup>th</sup>, March 2025, at the Big Blue Resort and Spa Hotel at Nyanyanor Village on the coast of the Atlantic Ocean near Accra, Ghana.

With funding from the Wellspring Philanthropic Fund, **Centering Healing** will bring together leaders in the reparations and healing movements on the Continent and across the Global African Diaspora to build bridges and share African-centered models for the development of vibrant grassroots healing initiatives across Global Africa during the Year of Reparations and beyond.

We are delighted to host this Summit to draw attention to the importance of healing, health, and wellness across Global Africa. In the spirit of healing and Ubuntu, and mindful that COVID, RSV, the flu and other diseases are still with us, and in some places on the rise, we ask you to join us in taking extra precautions to ensure a safe and enjoyable Summit for all, especially for our elders and those who are immunocompromised.

Specifically, we ask that you abide by the following **health and safety protocols**:

### **1. Governmental Health Guidance**

Please adhere to the guidance provided by the United States Centers for Disease Control. <https://wwwnc.cdc.gov/travel/destinations/traveler/none/ghana>, and the Government of Ghana.

### **2. Daily Covid Testing**

The organizers will provide tests for in-room testing for each day of the Summit, and we will require that all attendees take a daily test.

Anyone who tests positive for COVID-19 (or if the test is unclear), will be expected to do what is right and self-isolate .

### **3. If Obviously Symptomatic**

Any attendee who tests negative for Covid, but is otherwise obviously symptomatic (i.e., severe coughing, sneezing, etc.) will be expected, and will be asked to self-isolate for the duration of the symptoms.

### **4. Mask Requirement**

Most of the Summit sessions will be held outdoors, weather permitting. Attendees will be required to wear N-95 masks (to be provided by the organizers) at all indoor summit events and sessions. When we are indoors, the mask-wearing requirement will be strictly enforced.

### **Continuing Vigilance**

We are committed to keeping our community appropriately informed about the precautions we are taking to promote everyone's health and safety. We will continue to monitor health guidance worldwide and will implement the specific health and safety protocols required by applicable law and appropriate to the public health circumstances existing at the time of the Summit.

We thank you for your cooperation.
